

MASTER SERVICES AGREEMENT

Between Falcon Technologies LLC and Al Noor Trading FZE

This Master Services Agreement sets forth terms governing long-term technology deployment.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

ARTICLE 9. CONFIDENTIALITY AND SECURITY

The parties shall maintain confidentiality of all proprietary technical data and commercial disclosures.

All disclosures marked confidential shall remain protected under strict security controls.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

Section 21.1 Inspection. Upon delivery of each milestone release, customer shall conduct tests.

All submitted deliverables shall be deemed

accepted upon expiry of the review period unless written notice of defect is provided.

Section 21.2 Remedies for Defect. Provider shall cure non-conforming items within 10 days.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

ARTICLE 38. TERMINATION FOR CONVENIENCE

Either party may terminate this Agreement for convenience by providing thirty (30) days' written notice.

Upon termination, provider shall promptly cease all operations and return materials.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

ARTICLE 55. LIMITATION OF LIABILITY AND REMEDIES

The aggregate liability of either party shall not exceed AED 100,000.

Neither party shall be liable for indirect, incidental, punitive, or consequential damages.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

This Agreement shall be governed by and construed in accordance with the laws of the Emirate of Dubai and the federal law.
The courts of Dubai shall have exclusive jurisdiction over any dispute arising under this Agreement.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

The provider agrees to maintain all infrastructure, servers, and networks in accordance with standard good industry practice during contract term.

All technical personnel assigned to this facility must follow strict data protection and operational health protocols throughout operations.

ARTICLE 75. GENERAL PROVISIONS AND CLOSING COVENANTS

The parties shall maintain confidentiality of all proprietary technical data and commercial disclosures.

This Agreement constitutes the entire understanding between the parties.
