

PREAMBLE AND GENERAL SPECIFICATIONS

This Agreement constitutes the entire long-term infrastructure service terms.

CLAUSE 2. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 3. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 4. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 5. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 6. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 7. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 8. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 9. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 10. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 11. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 12. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 13. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 14. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 15. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 16. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 17. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 18. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 19. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 20. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 21. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 22. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 23. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 24. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 25. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 26. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 27. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 28. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 29. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 30. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 31. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 32. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 33. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 34. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 35. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 36. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 37. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 38. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 39. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 40. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 41. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 42. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 43. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 44. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 45. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 46. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 47. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 48. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 49. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 50. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 51. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 52. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 53. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 54. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 55. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 56. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 57. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 58. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 59. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 60. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 61. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 62. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 63. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 64. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 65. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 66. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 67. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 68. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 69. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 70. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 71. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 72. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 73. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 74. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 75. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 76. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 77. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 78. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 79. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 80. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 81. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 82. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 83. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 84. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 85. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 86. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 87. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 88. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 89. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 90. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 91. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 92. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 93. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 94. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 95. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 96. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 97. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 98. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 99. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 100. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 101. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 102. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 103. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 104. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 105. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 106. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 107. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 108. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 109. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 110. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 111. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

SECTION 112. EMERGENCY AUXILIARY POWER PROVISIONS

The supplier shall provide a full replacement solar generator within twenty-four (24) hours of any power failure. Failure to deploy the replacement within 24 hours triggers immediate liquidated damages.

CLAUSE 113. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 114. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 115. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 116. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 117. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 118. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 119. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 120. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 121. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 122. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 123. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 124. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 125. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 126. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 127. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 128. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 129. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 130. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 131. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 132. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 133. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 134. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 135. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 136. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 137. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 138. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 139. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 140. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 141. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 142. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 143. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 144. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 145. OPERATIONAL STANDARDS AND COVENANTS

The service provider agrees to perform all scheduled infrastructure maintenance in accordance with standard good industry practice and

All technical personnel assigned to this facility must hold valid commercial safety certifications and follow strict occupational health protocols

CLAUSE 146. OPERATIONAL STANDARDS AND COVENANTS
